

### **Tax Exemption Placeholder**

This Buyer has a previous approved tax exemption form on file. The original, approved, tax exemption form was lost through a data migration and will require a reload.

**Buyer Actions Needed:**

1. Please upload a replacement form.

**Seller Actions Needed:**

1. Reflect Tax Exempt Status on any Invoices generated.
2. Approve Replacement Form, when uploaded.

We apologize for any inconvenience this has caused.

Thank you,

Note from buyer to all sellers. Remove the tax exemption, because I canceled my status with the state of Colorado at year end 2023. Thus, no new license to download. Deleted the previous license. Thank you.
